

Different World (feat. Sofia Carson, K-391 CORSAK)
Alan Walker

[Intro] **Em** C D **Bm**
Em C D **Bm**

[Verso 1]

Em C
All we know, left untold
D **Bm**
Beaten by a broken dream
Em C **D** **Bm**
Nothing like what it used to be

[Pré-Refrão]

Em C
We've been chasin' our demons down an empty road
D **Bm**
Been watching our castle turnin' into dust
Em C **D**
Escapin' our shadows just to end up here once more
Bm
And we both know

[Refrão]

Em C **D**
This is not the world we had in mind
Bm
But we got time
Em C **D**
We are stuck on answers we can't find
Bm
But we got time
Em C
And even though we might have lost tonight
D **Bm**
The skyline reminds us of a different time
Em C **D**
This is not the world we had in mind
Bm
But we got time

[Verso 2]

Em C
Broken smile, tired eyes
D **Bm**

I can feel your longin heart

Em **C** **D** **Bm**

Call my name, howlin from afar

[Pré-Refrão]

Em **C**

We ve been fightin our demons just to stay afloat

D **Bm**

Been buildin our castle just to watch it fall

Em **C** **D**

Been runnin forever just to end up here once more

Bm

And now we know

[Refrão]

Em **C** **D**

This is not the world we had in mind

Bm

But we got time

Em **C** **D**

We are stuck on answers we can t find

Bm

But we got time

Em **C**

And even though we might have lost tonight

D **Bm**

The skyline reminds us of a different time

Em **C** **D**

This is not the world we had in mind

Bm

But we got time

Em **C**

Take me back

D **Bm**

Back to the mountainside

Em **C**

Under the northern lights

D **Bm**

Chasin the stars

Em **C**

Take me back

D **Bm**

Back to the mountainside

Em **C**

When we were full of life

D

Back to the start

Bm

We both know that

[Refrão]

Em **C** **D**
This is not the world we had in mind

Bm
But we got time

Em **C** **D**
We are stuck on answers we can't find

Bm
But we got time

Em **C**
And even though we might have lost tonight

D **Bm**
The skyline reminds us of a different time

Em **C** **D**
This is not the world we had in mind

Bm
But we got time
