Alanis Morissette

Intro: **Db5 B5 A5 Ab5**

Db5 B5
I start up in the north
A5
I grow from special seed
Ab5 Db5 B5
I sprinkle it with sensibility from French and Hungarian snow
A5 Ab5
I linger in the sprouting until my engine s full

(Db5 B5 A5 Ab5)
Then I move across the sea
To European bliss
To language of poets
As I cut the cord of home
I kiss my mother s mother
Look to the horizon

(Db5 B5 A5 Ab5)
Wide eyed, new ground
Humbled by my new surroundings

Db5 Eb5 D5
I am a citizen of the planet
Db5 Eb5 D5
My president is kwan yin
Db5 Eb5 D5
My frontier is on an airplane
Db5 Eb5 D5
My prisons: homes for rehabilitating

Db5 B5 A5 Ab5

(Db5 B5 A5 Ab5)
Then I fly back to my nest
I fly back with my nuclear but everything is different
So I wait, my yearn for home is broadened,
Patriotism expanded by calling from beyond
So I pack my things nothing precious all things sacred

(Db5 Eb5 D5)
I am a citizen of the planet
My laws are all of attraction
My punishments are consequences
Separating from source the original sin

(Db5 Eb5 D5)

I am citizen of the planet
Democracy s kids are sovereign
Where the teachers are the sages
And pedestals fill with every parent

(Db5 B5 A5 Ab5)

And so, the next few years are blurry
The next decades a flurry of smells and tastes unknown
Threads sewn straight, through this fabric,
Through fields of every color, one culture to another

(Db5 B5 A5 Ab5)

I come alive and I get giddy
I am taken and globally naturalized

(Db5 Eb5 D5)

I am a citizen of the planet
From simple roots through high vision
I am guarded by the angels
My body guides the direction I go in

(Db5 Eb5 D5)

I am a citizen of the planet
My favorite pastime edge stretching
Besotten with human condition
These ideals are borne from my deepest within
