(B B9)

It s been 10 years of investment
It s been one foot in and one out
It s been 4 days of all to shit
and I feel snuffed out

(B B9)

It s been 33 years of restraining
Of trying to control this tumult
How I did invest in such fantasy
But my nervous system has worn out

I ve repeated this dance at nauseum
There s still something to learn that I ve not
I m told to see this as divine perfection
But my bones don t feel this perfection

I ve spent life hovering above bottom
Thinking I can t survive what s below
But I ve known through the kicking and screaming
That there was no other direction to go
