

**Til You**  
**Alanis Morissette**

BPM: 62

**C** **G** **Am** **F**  
I ve been wasting time clawing my way to you  
**Dm** **Em** **C** **G**  
Taking no prisoners with my romantic crimes  
**C** **G** **Am** **F** **Fm**  
I ve been holding out imaging glimpses of you  
**Dm** **Em** **C** **G**  
Holding my breath while you come down the pike

**C** **G** **Am** **F**  
Spinning my wheels round  
**Dm** **Em** **C** **G**  
I m here dodging bullets til you  
**C** **G** **Am** **F**  
Ear to the ground  
**Dm** **Em** **C** **G**  
I m here dodging bullets til you

I ve been taking notes  
Nursing the thought of you  
Research and deliver cuz I m bidding my time  
I ve been holding on this magnet that calls to you  
Entertaining myself with these consolation prizes

(CHORUS)

They ve been plenty fun  
But mere peace holders to you  
They feel the stance card  
As you form in my mind

(CHORUS)
