

Mayfly

Albin Andersson

[Intro]

D

[Verse]

A **Bm** **D**
Did I ever tell you all was a lie?
A **Bm** **D**
The way I walked, the way I smiled?
A **Bm**
The moment the door closed I thought I had died
Abm **G** **D**
The only thing left from there, was just to survive
A **Bm** **D**
I hid well in my new disguise
A **Bm** **G**
Born again upon pillars of lies
A **Bm**
But down below my fighting heart was in pain
Abm **G**
But I was shining like I'd never seen rain
D
It all was a lie
Bm **G** **A** **Bm**
Shadow and regrets come strip me bare
Abm **G** **D**
Do whatever pleases you most, I just don't care

[Chorus]

A **Bm** **D**
Do you know how far a mayfly can fly?
A **Bm** **D**
I heard it's born the same day it dies
A **Bm**
Does it panic when the sun's coming down?
Abm **G**
Or does it look back on the day with a smile?
D
If so, tell me how

[Verse]

A **Bm** **D**
Did I ever tell you on that day
A **Bm** **G**
That most of all I felt ashamed?
A **Bm**
For all the things that I knew you held dear

Abm

And the way that my everyday fear
