For You

Verse 1

Hiding in the shadows each and everyday
Watching from the sidelines As you go out and play
Everyone is cheering and screaming your name
Its what I wanna do so Im gonna say

Its my time to shine
Ive been living in the shadows
Its my time to shine
Ive been working real hard
Its my time to shine
For You

Verse 2

Ive been writing song after song
Wondering what to play when I go on
Hoping the one I choose gets me on my way
pouring my heart and soul out on the stage

Its my time to shine
Ive been living in the shadows
Its my time to shine
Ive been working real hard
Its my time to shine
For You

Instrumental Break

Verse 3

So here I stand In front of this crowd
Singing all my songs so strong and proud
Who would have thought that this is where Id be
So Dont just stand there sing along with me

Its my time to shine
Ive been living in the shadows
Its my time to shine
Ive been working real hard
Its my time to shine
For You
