

My Mother's Eyes

Alec Benjamin

[Intro] **Am Em F C Em**

Am

I can't believe you love me

After all the things I've done

Em

I think I've been the devil

Since the day that I've turned one

F

Like when I stole your money

Just to buy a pack of gum

C

I know it wasn't funny

Em

Can't believe I was so dumb

Am

I blame it on my age

But even now, I'm not so young

Em

I'm still stuck in my ways

I can't believe what I've become

F

Somehow, you feel the same

C

I guess that's motherly love

E

Motherly love

Am

Wish I could find the piece in me

Em

To see the good things that you see

F

C

It's not that easy

E

Am

But if I saw me through your eyes

Em

Maybe I could find a way

F

To forgive all of the lies

C

And the stupid things I say

E

Am

And if I could realize

Em

That it s your blood that I bleed

F

Maybe I could love myself

C

Like the way that you love me

E

If I saw me through your eyes
