Alec Benjamin

G

I know the Bible isn't perfect

G

Cause it left one person out

G

There was Adam, there was Eve

G

And there was someone else around

C

Yeah, I think his name was Steve

D

And he was passing through town

G

When he heard a snake a-whispering

G

To Adam in the garden

G

Take the fruit, it's good for you

G

Steve said, I beg your pardon

C

I know it's not my business

D

G

But will you just hear me out

G

He said, I wouldn't lie

C

You should not go to that tree

D

G

The serpent knows the apple grows from a forbidden seed

G

Oh, you want what you can't have

C

But you've got all the things you need

D

G

There was Adam, there was Eve, and there was Steve

G

C

D

G

He said, Adam, don't be fooled by the snake

C

D

G

Don't risk it all for a taste

D Em

D

C

Oh, what a waste

D

G

To have everything and give it all away

G
Adam looked around and as he wrestled with his fate

G
Steve and Eve rolled up their sleeves to wrestle with that snake

C
In the midst of all the chaos

D **G**
Steve was still screaming out

G
He said, I wouldn't lie

C
You should not go to that tree

D **G**
The serpent knows the apple grows from a forbidden seed

Oh, what a waste

D **G**
To have everything and give it all away

G
Sometimes I feel like Adam

G
Cause I've got more than I need

G
But even when I have it all

G
I want what's out of reach

C
Maybe I should learn my lesson

D **G**
Like Steve was talkin' to me

G
He said, I wouldn't lie

C
You should not go to that tree
