Alec Benjamin
[Intro]
Em C G
[Verse 1]
   Em
I like it that you re calling
Everytime you need something from me
   Em
I know you think I m falling
For all these tricks you re hiding up your sleeve
[Pre-Chorus 1]
         Em
Pull the rabbit from your hat
Anything just to distract from the motives that you don t know I can see
Pull the wool over my eyes
You don t know what you hide is providing me with everything I need
[Pre-Chorus 2]
Em
 I know that you are using me
  I ll just keep it to myself
                                           D/F#
   cause I know if I dont then you ll just use somebody else
Em

 So I keep it to myself
                                           D/F#
