There s Heaven, then there s somewhere else

**F#m** **Bm**  
And those that fall between

**A** **D**  
the cracks and land upon their feet

with the rhythms of the King.

But most they sway from side to side

**F#m** **Bm**  
Just to keep the story lit

**A** **D**  
and guide the rest across the rooms

**F#m** **Bm** **E** **A**  
the borders and the lines

Chorus:

**Bm** **F#m**  
I don t need You (repeat 3 times)

**D** **A**  
Like you don t need me

Someone can wish you everything

**F#m** **Bm**  
then take all that he gives,

**A** **D**  
and tie a rope around the neck

**F#m** **Bm** **E**  
of the promises he gave

**D**  
The time he takes to twist his lies

**F#m** **Bm**  
just to keep his story lit,

**A** **D**  
and you wish you would have bit your lip

**F#m** **Bm** **E** **A**  
then just followed him to sleep

Chorus:

**Bm** **F#m**  
I don t need You (repeat 3 times)

**D** **A**  
Like you don t need me
