[Verse 1]

 Am C
Should I apologize with such pathetic eyes?

Just the sight of you has made me sick tonight (tonight)
 Am C
It was your poison kiss that turned me into this
 G Dm
Then again there is a chance you could be right.

[Chorus]

 (Dm) C
Darling will you please (please) take a walk with me?
 Dm C
We could count the stars and disappear
 Dm C Dm
I wish you could see you re the only girl I ve ever dreamed of
 C Dm
Are you satisfied?
 C
Are you satisfied?
Dm C
Are you satisfied?

[Verse 2 - Same chords as first verse...]

 Am
What fate has led me here?
 C
Oh please forgive me dear.
I don t know if I could survive on my own
I could have married you, instead I buried you
Now we ll see if I can fall asleep alone (alone)
