

**My Song**  
**Alessia Cara**

**Bbm** **C#**  
Tune in to find my peace and solitude  
**F#**  
These empty rooms spin  
**G# \***  
And I embrace the flaws of being human  
**Bbm** **C#**  
The black and white and sometimes the greys  
**F#**  
The in-between times, the meantimes  
**G# \***  
That make the song of life sing

**Bbm** **C#** **Bbm**  
Play, rest, repeat  
**C#** **F#**  
Read exactly what is written on the sheet  
**Bbm**  
Don't deviate they say  
**C#** **F#** **Bbm**  
But I will play what's best for me  
**C#** **F#**  
I'll press the keys and pull the strings  
Create a symphony that's mine

**C#** **Fm** **Bbm** **F#**  
And I'll spend my life penning my song, my song  
**C#** **Fm** **Bbm**  
And the verses I write will speak for me  
**F#**  
Good girls don't make history  
**G#** **F#**  
So I may never be what you assume  
**Bbm** **C#**  
Don't want your hooks or auto-tune  
**F#** **Bbm**  
If I'm off-key then that's alright with me  
**C#** **F#**  
Oh and maybe you will learn this when I'm gone  
My song will carry on

**Bbm** **C#**  
Let go, I let my voice be heard  
**F#**

Then listen for the echo

**G# \*** **Bbm**

My own reverb is playing cause I m a movement

**C#**

There s dissonance, sometimes I make mistakes

**F#** **G# \***

Oh I m human, after all I m not your expectations

**Bbm** **C#** **Bbm**

But play, rest, repeat

**C#**

That s what they ask of me

**F#**

**Bbm**

Just stick to this melody and stay between the lines

**C#** **F#** **Bbm**

But I will play what s best for me

**C#** **F#**

I ll ring the bells and crash the symbols

My harmonious design

**C#** **Fm** **Bbm** **F#**

And I ll spend my life penning my song, my song

**C#** **Fm** **Bbm**

And the verses I write will speak for me

**F#**

Good girls don t make history

**G#** **F#**

So I may never be what you assume

**Bbm** **C#**

Don t want your hooks or auto-tune

**F#** **Bbm**

If I m off-key then that s alright with me

**C#** **F#**

Oh and maybe you will learn this when I m gone

My song will carry on

**C#**

In my time here

**Fm** **Bbm**

I wanna be revered and remembered

**F#**

Oh let them say I came, I conquered

**C#**

So I won t fear

**Fm** **Bbm**

And I can t blend in

**F#**

You can t replace and you cannot erase me

**Bbm** **C#** **F#**

Cause my song will play on beyond time

**C#**                    **Fm**                    **Bbm**                    **F#**  
And I ll spend my life penning my song, my song  
**C#**                    **Fm**    **Bbm**  
And the verses I write will speak for me  
**F#**  
Good girls don t make history  
**G#**    **F#**  
So I may never be what you assume  
**Bbm**    **C#**  
Don t want your hooks or auto-tune  
**F#**    **Bbm**  
If I m off key then that s alright with me  
**C#**                    **F#**  
Oh and maybe you will learn this when I m gone  
My song will carry on

**C#**                    **Fm**                    **Bbm**                    **F#**  
And I ll spend my life penning my song, my song  
**C#**                    **Fm**    **Bbm**  
And the verses I write will speak for me  
**F#**  
Good girls don t make history  
**G#**    **F#**  
So I may never be what you assume  
**Bbm**    **C#**  
Don t want your hooks or auto-tune  
**F#**    **Bbm**  
If I m off-key then that s alright with me  
**C#**                    **F#**  
Oh and maybe you will learn this when I m gone  
My song will carry on
