

**River Of Tears**  
**Alessia Cara**

[Primeira Parte]

**Dm** **Bb**  
Still got the flowers that you sent  
**F** **C**  
And the note you wrote that said we were meant, to be forever  
**Dm** **Bb**  
I keep them all as evidence  
**F** **C**  
In a drawer under the mirror, filled with empty promises  
**Bb**  
I don t know why, I keep  
**Dm**  
Letting you lie to me  
**F**  
Hard as I try, it seems  
**C**  
I can t break away  
**Dm**  
I thought that you would be the hero  
**Bb**  
Come and save the day  
**F**  
But you re a villain  
**C**  
Your sins unforgiven

[Refrão]

**Dm** **Bb**  
I m going down, and you have watched me drown  
**F** **C**  
In a river of tears, lost beneath the stream  
**Dm** **Bb**  
Under the waves, I ve found the strength to say  
**F5** **C**  
The river of tears has washed me clean  
**Dm** **Bb**  
Go head and wish me well, I ll cry a wishing well  
**F5** **C**  
I ll fly before I fail, I ll set sail and drift away  
**Dm** **Bb**  
So I won t need you here, Love sinks and hope floats  
**F5** **C**  
In a river of tears, In a river of tears

[Segunda Parte]

**Dm** **Bb**  
I catch your scent in every wind  
**F5** **C**  
And I recall the love we had, I can't pretend  
**Dm** **Bb**  
That I don't miss you every now and then  
**F5**  
But the hurt is for the better  
**C**  
Moving on, it's now or never  
**Dm** **Bb**  
Lost in the tide, I can't keep my pillows dry  
**F5**  
Like there's a sea in my eyes  
**C**  
I realize that sometimes  
**Dm**  
love brings you flowers  
**Bb**  
Then it builds you coffins  
**F5**  
And far too often  
**C**  
We end up falling to our demise

[Refrão]

**Dm** **Bb**  
I'm going down, and you have watched me drown  
**F5** **C**  
In a river of tears, lost beneath the stream

**F5** **C**  
In a river of tears, In a river of tears

[Ponte]

**Bb** **C** **F5** **C**  
Cry me a river, build myself a bridge, I'm over this  
**F5**  
Can't let memories become the death of me, I'm glad to see  
**Dm**  
Everything that you are  
**F** **F**

And I believe that you are everything I needed

**C**

But I don't need no more

[Refrão]

**Dm**

**Bb**

I'm going down, and you have watched me drown
