

Trust My Lonely

Alessia Cara

[Verse 1]

F

It s time I let you go

C

I made the mistake, go writing your name on my heart

F

Cause you colours showed

C

But it was too late, you left me stained, called it art

F

Do you crave control?

C

I ve been your doll, that you poke for fun too long

F

So you should go

C

Don t look back, I won t come back

Can t do that no more

[Chorus]

F

Go get your praise from someone else

C

You did a number on my health

Bb

My world is brighter by itself

C

And I can do better, do better

F

You and I were swayin on the ropes

C

I found my footing on my own

Bb

I m a-okay, I m good as gold

C

And I can do better, do better alone

F

C

Alone, alone

[Verse 2]

F

There ain t no love round here

C

I loved you once, but it made me dumb

F

Now I m seeing it way too clear

C

You hurt me numb, and for that I ve run out of time

F

To have pain to feel (Pain to feel)

C

I ve been your game

Just taking the blame for too long

F

Get on out of here

C

Don t look back, I won t come back

Can t do that no more

[Chorus]

F

Go get your praise from someone else

C

You did a number on my health

Bb

My world is brighter by itself

C

And I can do better, do better

F

You and I were swayin on the ropes

C

I found my footing on my own

Bb

I m a-okay, I m good as gold

C

And I can do better, do better alone
