

Bumper Cars

Alex & Sierra

Am **C** **Em**
Can t help wondering what you re thinking
Em F
Wherever you are
Am **C** **Em**
Late night movies careless drinking
F
To cover these scars

Am **C** **F**
And as much as I wanna be with you, I know

C **G**
You and me we re bumper cars
Am
The more I try to get to you
F C
The more we crash apart, no
G
Round and round we chase the sparks
Am
But all that seems to lead to
F
Is a pile of broken parts
C G
We re bumper cars, bumper cars
Am
The more I try to get to you
F
The more we crash... apart

Am **C** **Em**
Good intentions, all these questions
F
I m sitting alone
Am **C** **Em**
All roads since you, are wrong directions
F
I ll never get home

Am **C** **F**
And it s making me wanna be with you, I know

C **G**
You and me we re bumper cars
Am
The more I try to get to you

The more we crash apart, no
 Round and round we chase the sparks
 But all that seems to lead to
 Is a pile of broken parts
 We re bumper cars, bumper cars
 The more I try to get to you
 The more we crash apart, ohoh oh

This was supposed to be fun
 This was supposed to be the one
 Maybe we stayed too long
 Maybe we played all wrong
 This was supposed to be good
 But I know, I know

You and me we re bumper cars
 The more I try to get to you
 The more we crash apart, nooo
 Round and round we chase the sparks
 But all that seems to lead to
 Is a pile of broken parts
 We re bumper cars, bumper cars
 The more I try to get to you
 The more we crash apart
 We re bumper cars, bumper cars
 The more I try to get to you
 The more we crash...apart
