

The more we crash apart, no  
Round and round we chase the sparks  
But all that seems to lead to  
Is a pile of broken parts  
We re bumper cars, bumper cars  
The more I try to get to you  
The more we crash apart, ohoh oh

This was supposed to be fun  
This was supposed to be the one  
Maybe we stayed too long  
Maybe we played all wrong  
This was supposed to be good  
But I know, I know

You and me we re bumper cars  
The more I try to get to you  
The more we crash apart, nooo  
Round and round we chase the sparks  
But all that seems to lead to  
Is a pile of broken parts  
We re bumper cars, bumper cars  
The more I try to get to you  
The more we crash apart  
We re bumper cars, bumper cars  
The more I try to get to you  
The more we crash...apart
