

Every Day We Grow Closer
Alex Chilton

Every Day We Grow Closer

A

I feel the warmth inside me

E

I see a light to guide me

D

A

Straight to wherever it is I m bound

I have been empty so long
So many times been so wrong
I was so lost waiting to be found

Chorus:

F#m **Bm**

Every day as we grow closer

Em **A7**

I find myself a wee bit more

Dm **G**

I open up another door

C

E

And learn to give and learn to live

Travel the brand new highway
Doinâ€™™ things finally my way
And now at last my life feels full

Everyday seems brighter
All of my thoughts seem lighter
I see happiness when I look at the world

Chorus
