It s like, her touch, it s invisible
Can t get enough, she s sensational
When she slips in my room,
Then I know I m on a good thing, not bad.

E **B** **F#**

When I m alone she appears from no-where

E **B** **F#**

It s so surreal, makes me feel I want to care.

E B F#
I love it when she walks right though me
E B F#
I wanna feel her cold touch on my skin
E B F# E B F#
She doesn t mind if I can t see her tonight
E B F#
Yeah, I know I m alright.

Her complexion, it s so timeless
She s like a gothic lady princess.
I never thought I d be with a supernatural kind of girl
Like her.

When I m alone she appears from no-where
It s so surreal, makes me feel I want to care.

I love it when she walks right though me
I want to feel her cold touch on my skin
She doesn't mind if I can't see her tonight

Yeah, I know I m alright.

I ain t getting no sleep
Situation s unique

This girl, she s so incredible
When she takes off her clothes
Then I know that it s only me that knows.
