

On My Tongue
Alex Lambert

ON MY TONGUE

Am F
You taught me love was only a lie
C G
We fell for in the heat of the fire
Am F C G
But on my tongue, those words donâ€™t taste right (taste right)
Am F
You want me back, â€™cause you realized
C G
That you were wrong, and you donâ€™t know why
Am F C G
But on my tongue, those words donâ€™t taste right (taste right)

C F
â€™Cause you never even knew me, if you think youâ€™re gonna fool me
Am G
With the tricks that I taught you
C F
And I never will forget it, that you lied and you left
Am G
After I said that I loved you

Am F C G
And on my tongue, those words donâ€™t taste right, taste right
Am F C G
No, on my tongue, those words donâ€™t taste right, taste right
Am F C G
No, no, no

Am F C G
We had it better than we deserved
We made that magic nobodyâ€™s heard of
On my tongue, those words donâ€™t taste right

So many lessons, you live and you learn
Weâ€™re young and crazy, ready to burn
Still on my tongue, those words donâ€™t taste right

C F Am G
And you never even knew me, if you think youâ€™re gonna fool me
With the tricks that I taught you

And I never will forget it, that you lied and you left
After I said that I loved you

Am F C G

And on my tongue, those words donâ€™t taste right, taste right
No, on my tongue, those words donâ€™t taste right, taste right

Am F C G

And I donâ€™t need you in my life
I want you, but Iâ€™ll still survive
I donâ€™t need you in my life

C F Am G

â€™Cause you never even knew me, if you think you re gonna fool me
With the tricks that I taught you
And I never will forget it, that you lied and you left
After I said that I loved you

Am F C G

And on my tongue, those words donâ€™t taste right, taste right
No, on my tongue, those words donâ€™t taste right, taste right
