If you just get it together and read my mind
Then sleeping would be easy

Another afternoon of increments

And asking the wrong questions

C

Then you get up and leave again

Just as the evening threatens to set

Consider this now it s not too late

Most of the things that you say

I don t understand but I will sit and listen

But the truth is I can t concentrate

Consider this now it s not too late

I need something to sort me out

Em

I need someone to come and shake me

And your exit calms me down

Before it infuriates me
