Verse:

```
      G              C      G
I love you like grave danger
      C      G      D
Like moon shining disguise
      G
Mmm hmm
      G              C      G
When I wake up with your makeup
      C      G      D
And spread blush cross the sky
```

Chorus:

```
      C      G
Like a meteor crush
      C      G
I m gonna tell the world

Been a million years full of tears
      C      G
But I found my girl

      G              C      G
My notion of love devotion
