

Glimpses

Alexander Ebert

Pretty simple song, Just arpeggiate through the chords, use a nice clean sounding guitar,
if your playing an electric a telecaster works amazingly, or any acoustic guitar. I
used a live performance on youtube mostly, and then i put it to some lyrics i
got
online. And listen to the record if you have trouble with timing. And the outro
might be
wrong, its
kind of hard to hear on the record, but its my approximation of it. Have Fun!
