[Intro]

(with whistle)

Gm Bb Gm Bb Gm Eb Bb F

Gm

Truth.

Gm

The truth is that I never shook my shadow

Every day it s trying to trick me into doing battle

Bb

Calling out faker only get me rattled

Wanna pull me back behind the fence with the cattle

Gm

Building your lenses

Digging your trenches

Put me on the front line

Leave me with a dumb mind

Bb

With no defenses

But your defense is

If you can t stand to feel the pain then you are senseless

Since this,

Gm

I ve grown up some

Different kinda fighter

And when the darkness come, let it inside you

Eb

Your darkness is shining

My darkness is shining

Bb

F

Have faith in myself

Gm

Truth.

I ve seen a million numbered doors on the horizon

Now which is the future you choosin before you go dying

Bb

I ll tell you about a secret I ve been undermining

Every little lie in this world comes from dividing

Gm

Say you re my lover

say you re my homie

Tilt my chin back, slit my throat

Bb

Take a bath in my blood, get to know me
All out of my secrets
All my enemies are turning into my teachers

Because

Gm

Light s blinding
No way dividing
What s yours or mine when everything s shining

Eb

Your darkness is shining
My darkness is shining

Bb

F

Have faith in ourselves

Gm

Truth.
