This is my first tab and i m not entirely sure this is 100% correct.
This is the album version from the album Hypothetical Situations .
I m not sure about the A after the D and before the G in the chorus, but i left
it in
If you don t think it goes let me know...or just don t play it :)

Comment and let me know if there is anything wrong with it.

The Riff played before and after the chorus:

```
e|--3-5-3-2-0-----------------------------------------------|
B|-----------3-2-3-5----------------------------------------|
G|----------------------------------------------------------|
D|----------------------------------------------------------|
A|----------------------------------------------------------|
E|----------------------------------------------------------|
```

Intro **D**, **A**, **Bm**, **G**, **A** x 2

D   **A**
I had a dream last night,
          Bm   **G**
That the internet was dead
     A   **D**   **A**
And that our mobile phones went haywire,
          Bm   **A G**
All was silent til i said...

 D   **A**
Put down your barriers, pick up your pens,
           Bm   **G**   **A**
Write an endless letter to a long lost friend
 D   **A**
Talk to the one by you on the bus
   Bm   **G**   **A**
A life long partner? you discuss...things that,

 G
Bring you joy

Make you sad
     Em
The half finished doodles

On your sketch pad

```
      G
But remember how it came to this

     D        A          G
Destroy, destroy the internet
   Em
Close windows, open doors
    A
Put an end to online wars
   D             A                  G
Destroy, then rebuild all of our lives which have been filled
         Em
With endless propaganda
          A
In our minds they have instilled
             G
They have instilled

D, A, Bm, G, A x 2

   D                      A
Bill gates was told by minions
            Bm              G  A
And tried to log on to the net
   D               A
The crisis lost him millions
 Bm          G    A
 Unable to connect

  D                        A
Nymphos, downloaders and gamers cried
      Bm                G      A
On the night that BT s server died
    D                 A
Helplines buzzed and people ran
     Bm         G      A
To topple, a freeserve van

   G
RIAA rejoiced
  Em
Metallica were moist
  G
So they wrote a song that went something like...
```

```
