[Em] If we don't talk
That's [G] okay
[Em] Cause I hear everything
That [Am] you say
[Em] You got my heart to mend to [G] you
[Am] A hole that hurts inside
It [C] shows
And you can't hide
[Am] But if we open up
[D] We'll break through

[G] You and [D] I go [Am] deeper
[C] Down below where no one [D] sees it
When you [C] close your eyes
And just [D] believe it
[G] You and [D] I go [Am] deeper
[C] Where everything's [D] unspoken
And the world [C] seems [D] so wide open
To me now [Em]

[Em] You got broken once [G] before
[Em] Closed your heart up
And said no [Am] more
[Em] We were trying not to [G] fall
[Am] Afraid of letting go
[C] Wait until we know now

[G] You and [D] I go [Am] deeper
[C] Down below where no one [D] sees it
When you [C] close your eyes
And just [D] believe it
[G] You and [D] I go [Am] deeper
[C] Where everything's [D] unspoken
And the world [C] seems [D] so wide open
To me now [Em]

[G] And the morning shines much [D] brighter to me
[E] Somehow, [G] maybe this can [D] last forever
[C] If we fight off what we feel
[D] And you love me like I know you will

[G] You and [D] I go [Am] deeper
[C] Down below where no one [D] sees it
When you [C] close your eyes
And just [D] believe it
[G] You and [D] I go [Am] deeper
[C] Where everything's [D] unspoken

And the world [C] seems [D] so wide open
To me now [Em]

[G]You and [D]I go [Am] deeper
[C] Down below where no one [D] sees it
When you [C] close your eyes
And just [D] believe it
[G] You and [D] I go [Am] deeper
[C] Where everything s [D] unspoken
And the world [C] seems [D] so wide open
To me now [Em]
