

Second-Rate Machines
Algernon Cadwallader

[Intro]

E B E B E

[Verse]

E B E B E B G#7 E

Try and plant a tree on top of a computer. That s not happening.

F# E F# G# A B F# E G# A

What s really alive and what has to be turned on by somebody.

G# F# C# B G# F# E

Given the effort it takes to learn from you d rather lean on it and
F#

form a religion

G#

around it.

E

Living things

G#

help each other live.

B E

Something you need

B G# A

might be something i can give
