Em   **Em7**
You couldâ€™ve been imagined, you couldâ€™ve been something less

All the magic in your eyes for me

                        Em   **C**   **D**
Now that you love me, what do I do
                            Em   **C**   **D**
I thought I was crazy, waiting for you
                    G   **Em**   **D**
Something amazing could be true
