Blue - Alice in Chains

Intro: (**F#m7**)

(**F#m7**)

Wasting doubt dwelled in me
Life slipped by wasted teens
Feeling small as I look around
Why can't I cleanse myself?

G **F#m7**

Fall in, face it, feel it, pray

G **F#m7**

Weighted what you wanted me to be

C# **B** **F#**

Every god lives in me

C# **B** **F#**

One who wallows in vain

C# **B**

Are you real?

C# **B**

Do you feel?

F# G F# G F#

Pain...

(**F#m7**)

Twirling leech, spinning down below
Wishing for the song to write
Leer at me, I can't see
Am I wrong to be?
