I could climb until I reach where angels reside
Ask around to find out where the junkies applied
You just up and left me on this rock all alone
It s my fault for knowing not what I should have known

Ohhhhhhhh
My heart is dried up, beating slow
Ohhhhhh
It s been deflating since you ... died
Died
Since you ... died
You ... died

I could drop until I touch the sinister side
Visit all attractions flippin back and aside

Still you leave me rotting on this rock all alone
It s my fault for knowing not what I should have known

Ohhhhhhhh

My heart is dried up, beating slow

Ohhhhhh

It s been deflating since you ... died

Died

Since you ... died

You ... died

Ohhhhhhhh

My heart is dried up, beating slow

Ohhhhhh

It s been deflating since you ... died

Died

Since you ... died

You ... died

I could climb until I reach where angels reside

I could drop until I touch the sinister side

Ohhhhhhhh

My heart is dried up, beating slow

Ohhhhhh

It s been deflating since you ... died

Died

Since you ... died

You ... died

Died

You ... died

Died

You ... died
