

Jealousy

Alice Merton

Dm **Am**
A bright blue sky s what I used to see but
C **G**
My vision s been torn after all that s been
Dm **Am**
And I know it s not right and I ve crossed the line but
C **G**
Please understand that there was a time when
Dm **Am**
I let my heart go just to watch it burn
C **G**
So I told myself it s a lesson learned
Dm
But did I really learn?
Am **C**
Jealousy
G **Dm**
I guess you re finally taking over me
Am **C**
Jealousy
G **Dm**
I m suffering from your control
Am **C**
And you re covering me like a bear skin coat
G **Dm**
Getting harder to breathe under your control
Am **C**
Jealousy
G **Dm**
Oh can t you stay away from me?
Am **C**
The voices inside of my head
G **Dm**
Keep me wondering where we re at
Am **C**
Like a fire, it starts to spread
G **Dm**
Covering up my skin and flesh and
Am **C**
I keep fighting
G **Dm**
But the monster won t let me win, oh
Am **C**
I keep fighting
G **Dm**
But the monster won t let me win, oh
Am **C**

Jealousy

I guess you re finally taking over me

Am C

Jealousy

I m suffering from your control

And you re covering me like a bear skin coat

Getting harder to breathe under your control

Am C

Jealousy

Oh can t you stay away from me?

Am C

I can t breathe

I ve lost my soul

Cause you ve taken all

I thought I d know

And you re covering me like a bear skin coat

Getting harder to breathe under your control

And you re covering me like a bear skin coat

Getting harder to breathe under your control

Am C

Jealousy

I guess you re finally taking over me

Am C

Jealousy

I m suffering from your control

And you re covering me like a bear skin coat

Getting harder to breathe under your control

Am C

Jealousy

Oh, can t you stay away from me?
