the sky can t wait  
          **Bm F#**  
for the light of the sun

(I)

**Ebm C# G#/B**  
so how could you look me in my eye  
          **Bm F#**  
and not see what, what I feel inside?  
          **Ebm C# G#/B**  
tell me how could you doubt the fact that I  
          **Bm F#**  
I love you... I love you

**B Bm**  
don t you ever, think like that  
**Bbm7 Eb**  
don t you ever, never do that  
**B Bm Bbm7 Ddim**  
there will never be two things that go together better  
than you and me

(chorus)

**Ebm C# G#/B**  
north needs south  
east needs west  
and no needs  
**Bm F#**  
yes yes yes

up needs down  
life needs death

and no needs

**Bm F#**
