Verse 1

At slow speed we all seem focused.
In motion we seem wrong.
In summer we can taste the rain.

Chorus

I want you to be free
Don't worry about me
And just like the movies
We play out our last scene

Verse 2

Two can play this game
We both want power
In winter we can taste the pain

Verse 3

In our short years, we come long way
To treat it bad and throw away.
In our short years, we come long way
To treat it bad and throw away.

Chorus

You won't cry. I won't scream

Interlude

In our short years we come long way
To treat it bad and throw away
And if we make a little space
A science fiction showcase
In our short-film, a love disgrace
Dream a scene to brighten face
In our short years we come long way
To treat it bad, Just to throw it away

Chorus
