

Hungry For Love
Alistair Griffin

G **D** **Em7** **Cadd9**

Dazed confused my heart s abused I wake up alone

G **D** **Em7** **Cadd9**

I see coffee cups and washing up reality hits home

G **D**
My head is spinning so fast will this
Em7 **Cadd9**

Hangover pass I don t want to be lonely

G **D**
You left a world torn apart but I believe

Em7 **Cadd9** **D**

In my heat is meant to find someone

G **D**
Hungry for love and tired of
Em7 **Cadd9**

Frustration thirsty for something else

G **D**
Empty inside and need the sensation
Em7 **Cadd9** **D**

Of falling completely out of my self

G **D** **Em7** **Cadd9**

Life s a maze I m lost today I m going nowhere

G **D** **Em7** **Cadd9**

And how do you find your destiny is there anybody out there

G **D** **Em7**
Now I m driving too fast hear the radio blast
Cadd9

All the worries from my head

G **D**
I feel like losing control I m psyched
Em7 **Cadd9** **D**

I m ready to go yes I ll find someone

Hungry for love and tired of
Frustration thirsty for something else
Empty inside and need the sensation
Of falling completely out of my self

Oh nothing could be better than taking all the missing pieces

And make this picture last forever

Hungry for love and tired of
Frustration thirsty for something else
Empty inside and need the sensation
Of falling completely out of my self
Thirsty for something else falling out of myself
