Real World - Alistair Griffin

Verse: **Em7 G Em7 Cadd9**

PreChorus: **Cadd9 G Cadd9 D**

Chorus: **Em7 Cadd9 G D**

V.

Avalanche in your heart love is buried under  
No way out for the fools that all follow  
Make me laugh make me cry just can't get close enough  
Climb your wall hope I'll fall into your arms

PC.

Don't believe a word you tell me  
And then your voice compels you'll always be  
Right here with me

C.

And your life's like a movie you can be no one else  
As you live just to thrill me now believe in yourself  
Never get tired of watching you one day you will break through  
As I wait in the real world

V.

Watch you rise watch you fall spent each moment like my own  
All those eyes captivated by you  
An audience with the sun as your feelings overrun you inspire  
These forces in me

C.

And your life's like a movie you can be no one else  
As you live just to thrill me now believe in yourself  
Never get tired of watching you someday you will break through  
As I wait in the real world

PC.

Don't believe a word you tell me but  
Then your voice compels you'll always be  
Right here with me

C.

And your life's like a movie you can be no one else  
As you live just to thrill me now believe in yourself

Never get tired of watching you one day you will break through  
As I wait in the real world
