C F C  
Dreaming of our life beyond the sun  
Am F C  
Trying to find a place, a place to run  
Am F C  
It s just you and me tonight, chasing love and chasing life  
Am F C  
All I know is that right now you are the one

C F C  
All I ever needed was you love  
Am F C  
Hoping that my heart would be enough  
Am F C  
It s just you and me tonight, chasing love and chasing life  
Am F C  
All I know is that right now you are the one

F C  
I would take you anywhere, all this land is ours  
Am F C  
From the gutter you can see up to the stars  
F C  
We are hopeless, we are young, we are dreamers on the run  
Am F C  
But I know, I know right now you are the one

C F C  
Try to catch the light before it s gone  
Am F C  
Hoping for the heart you never won  
Am F C  
It s just you and me tonight, chasing love and chasing life  
Am F C  
All I know is that right now you are the one
