Sweet Vampires
Alkaline Trio

[Intro]
C Em F G (x2)

[Verse 1]
C
You hold me down, right on time, love of my life
C
You showed up, and showed me so wrong, you were right
Am   **F**   **C**
Alone in this ocean, floating in the moonlight
Am   **F**   **C**
At home with the notion it s me, myself, and I

[Verse 2]
C
I was the live fast, car crash, Mulholland Drive
C
Open the flood gates, this love-hate is making me cry
    Am   **F**   **C**
But tears fill the tub with the blood from your wrist that night

[Chorus]
F
If we should live forever
Am   **G**
Like sweet vampires
F
When we can reign together
C   **G**
Our own empire
F
Now we should try to sever
C   **G**
All our past ties
F
But it s me and you
F
And the skies are blue
     G
Both bleeding from our eyes

C Em F G (x2)

[Verse 3]
```
        C
I was a love-sick, dumb dick, top off the stock

Am                                      F             C
I feel like an animal that s been kicked around too long
Am                                    F               C
An eel who s electric circuitry that s been wired all wrong
```

Like sweet vampires
F
When we can reign together
C          G

All our past ties

Now where the hell have you
F                    G

Some shithole you call home (some asshole)
Am
Told me I won t survive
F                    G
Somehow, I m scraping by
Am
We re reduced to ruin

Rubble, rags and bones

If we should live forever
