

## Scarlet

### All About Eve

**E**

Dress me in scarlet

**A**

Ribbons and bows so everyone knows I'm hiding a face

1

That hadn't the grace to go free

**E**

Dress me in shadows

**A**

Sad April skies have opened my eyes to the lie that I live

**E**

And given the river away

**B**

**A**

**E**

I'll change these clothes if I want to, and I do

**G**

**C**

**A**

**E**

I think that I've found out what no-one's about to tell me

**G**

**C**

**A**

**B**

**Am**

I think that I've found out I don't wear scarlet well

**E**

Waiting before me

**A**

Poets and painters may say, When will you stumble our way

**E**

Kick off your red shoes and fly now

**B**

**A**

**E**

I'll die for their words if I want to, and I do

**G**

**C**

**A**

**E**

I think that I've found out what no-one's about to tell me

I think that I've found out I don't wear scarlet well

**E**

Always before me

**A**

Poets and sages may say, We've been lamenting your fall

**E**

And carving it all into stone here

**B**

**A**

**E**

And skimming them into the river, just for you

**G**

**C**

**E**

I think that I've found out what no-one's about to tell me
