My Friends
All Get Out

tuning: Standard

intro and first verse: **Am B C C**
Chorus:
```
Am          C          F              C        G
```
so go on, go back and find yourself or find out who you want to be.
```
Am          C              F            C        G
```
to live and laugh and love and sing and cry, just keep it away from me.

post chorus riff:
```
        Am    G  Am    G  Am    G Am C
low e|-5-5-5-3--5-5-5-3--5-5-5-3-5/8~-|
```

```
Am                    F                      C
```
My pride sure shies, it hides itself inside a hole at night.
```
Am                    F                        C
```
But my friend, I don t lie, I ll make you feel like it s the end of your
```
        Am                          (GGG)
```
life if I have to. God damn I want to.
```
Am                  F                    C            Am
```
It would take my life to test the waters that you re swimming in so this is
```
        F              C
```
the end. It s where you die. It s where I want you to be. You re dead.

```
Dm        G
```
Four-day friends, wishing you were coming home. x3

intro again
Chorus
```
Am          C            F            C        G
```
So go on, go back and find yourself or find out who you want to be.
```
Am          C            F            C        G
```
To live, and laugh, and love, and sing and cry just keep it away
```
            Dm                G
```
I don t think myself to sleep each I lay down I just sleep
```
            Dm                                        G
```
To God I promise, sweet God I promise that I m going to call you and tell

you how much better off I am.

intro again
then chorus and post chorus riff at the end.
