

Break The Spell
All Mankind

Hi guys, try to play this song with capo II (cause it sounds perfect) Enjoy ;)

Am
In the long, hidden past
Dm
Was a world just like ours
G **Am**
Once beautiful, but every flower dies
Am
In the soul of the men
Dm
Was a heart, brave and red
G **Am**
But cursed hearts can grow an ugly side

C
But I got you

You got me
Dm
Got a chance

I believe
Am **Em** **G**
If love will come and break the spell tonight

Am **Dm** **G** **Am**
Only love survives, only love survives

Am
In the land, cold and wet
Dm
Is a hope, and a threat
G **Am**
It came crawling through the cover of the night

Am
In the fear of defeat
Dm
Is a chance I believe
G **Am**
To return to who we once were meant to be

C
But I got you

You got me
Dm

Got a chance

I believe

Am **Em** **G**
If love will come and break the spell tonight

C
I got hope

There s a way
Dm
We can make it one more day

Am **Em** **G**
If love will come and break the spell tonight

Am **Dm** **G** **Am**
Only love survives, only love survives
