

Me Without You All I Ever Wanted
All Time Low

V1:

E **B** **A**
Do you feel like something s missing
E **B** **A**
When your skin is pressed to mine?
E **B** **A**
I would whisper you a riot if you d listen
E **B** **A**
To the sound that you ve ignored a thousand times

C#m **A** **B**
Cause I am only me when I m without you

Chorus:

E **A**
All I ever wanted was a part of you that I couldn t break
C#m
A piece of you that I couldn t take apart
A
But we re in pieces now
E **A**
And all you ever wanted was a part of me that I couldn t fake
C#m
I never made it easy to shape my heart
A
But it s not beating now
E
I have to let you down

V2:

E **B** **A**
There is ice in place of answers
E **B** **A**
And a cold that chills the bones
E **B** **A**
When September came and went without an answer
E **B** **A**
We were left to Fall for Winter on our own

C#m **A** **B**
Now I am only me when I m without you

(Chorus repeats a few more times)
