

My Only One
All Time Low

Artist: All Time Low

Song: My Only One (bonus track on Dirty Work)

This is my first tab! I m 98% sure this is how it is. But pardon my mistakes anyways.

Verse 1:

D **C**
Paint yourself a picture, something perfectly obscure

Bm **G**
To hide away the messes behind your manicure

D **Bm**
And all of my obsessing to find the perfect words

Am **G**
Sick of second guessing, I didn t mean to make you hurt

(**G**)
Didn t mean to make you hurt, hurt hurt

Chorus:

D **C**
What do you say when your heart s not in it, your heart s not in it?

Bm **G**
What do you do when you just don t get it, you just don t get it?

D **C**
Where do you go when you reach your limit, you reach your limit?

Bm **G**
Cause all I know, all I know is

D **C**
You are my only one, you are my only one

Bm **G**
You are my only one, that s all I know, you re all I know

Verse 2:

D **C**
Break another mirror to keep away the stares

Bm **G**
Of another guilty reflex, a reflection left in tears

D **Bm**
And all of my obsessing, tell me what was it worth?

Am **G**
Guess I should have learned my lesson, I didn't mean to make you hurt

(G)
Didn't mean to make you hurt, hurt, hurt

Chorus:

D **C**
What do you say when your heart's not in it, your heart's not in it?

Bm **G**
What do you do when you just don't get it, you just don't get it?

D **C**
Where do you go when you reach your limit, you reach your limit?

Bm **G**
Cause all I know, all I know is

D **C**
You are my only one, you are my only one

Bm **G**
You are my only one, that's all I know, you're all I know

Bridge:

Bm **G**
Wake me early, I've been dreaming

Am **Bm**
Dreaming that I'm only, only good enough for me and no one else

C **G**
So wake me early, I've been dreaming

Am **G**
Dreaming that I'm only, only good enough for me and no one else

Chorus:

D **C**
What do you say when your heart's not in it, your heart's not in it?

Bm **G**
What do you do when you just don't get it, you just don't get it?

D **C**
Where do you go when you reach your limit, you reach your limit?

Bm **G**
Cause all I know, all I know is
