(Same chords)

Iâ€™m twice the man that I thought I was yesterday

Half the time, Iâ€™m a world away

A flicker of a soul casting silhouettes

On the face of a town that could not get me to stay

And when the sparkâ€™s gone, former lovers just looking for a bus to throw me under

Iâ€™ll be the new kid, on an old block

A chalk outline on a playground black top

Chorus:

Iâ€™m just a moment, so donâ€™t let me pass you by

We could be a story in the morning, but weâ€™ll be a legend tonight

Iâ€™m just a moment, so donâ€™t let me pass you by

They can speak our names in a dead language

Cause you and I, weâ€™re alive

But just for a moment
Just for a moment
