[Intro]

**Cadd9 Em Cadd9 A7**

[Verse 1]

**Cadd9 Em**  
He woke up from dreaming and put on his shoes  
**Cadd9**  
Started making his way past two in the morning  
**A7**  
He hasn't been sober for days  
**Cadd9**  
Leaning now into the breeze  
**D**  
Remembering Sunday he falls to his knees  
**Em**  
They had breakfast together  
**Em**  
But two eggs don't last  
**A7**  
Like the feeling of what he needs

**Cadd9**  
Now this place seems familiar to him  
**D**  
She pulled on his hand with a devilish grin  
**Em**  
She led him upstairs, she led him upstairs  
**A7**  
Left him dying to get in

[Chorus]

**G Cadd9**  
Forgive me I'm trying to find

**A7**

My calling, I m calling at night

**A7**

I don t mean to be a bother

**Cadd9**

But have you seen this girl?

**G**

**Cadd9**

She s been running through my dreams

**A7**

And it s driving me crazy it seems

**Cadd9**

I m gonna ask her to marry me

[Verse 2]

**Cadd9**

**D**

Even though she doesn t believe in love

**Em**

He s determined to call her bluff

**Em**

Who could deny, these butterflies?

**Em**

They re filling his gut

**Cadd9**

**D**

Waking the neighbors, unfamiliar faces

**Em**

He pleads though he tries

**Em**

But he s only denied

**A7**

Now he s dying to get inside

[Chorus]

**G**

**Cadd9**

Forgive me I m trying to find

**A7**

My calling, I m calling at night

**A7**

I don t mean to be a bother

**Cadd9**

But have you seen this girl?

**G**

**Cadd9**

She s been running through my dreams

**A7**

And it s driving me crazy it seems

**Cadd9**

I m gonna ask her to marry me

[Bridge]

The neighbors said she moved away

Funny how it rained all day

I didn't think much of it then

But it s starting to all make sense

Oh I can see now that all of these clouds

Are following me in my desperate endeavor

To find my whoever, whoever she may be

## Cadd9

I m not coming back, I ve done something so terrible

I m terrified to speak, but you d expect that from me

I m mixed up, I ll be blunt, now the rain is just

Washing you out of my hair and out of my mind

## Keeping an eye on the world

So many thousands of feet off the ground

I m over you now, I m at home in the clouds

Towering over your head

Em

I guess I ll go home now

I guess I ll go home now

I guess I ll go home now

I guess I ll go home.
