C#          A                      F#
Pick yourself up off the ground
C#                  A                      F#

```
C#          A                        F#
Waste of chances, waste of time (you gotta let me be me)
C#                  A                  F#
You waste it all on wasted lines (you gotta let me be me)
C#          A          F#
Back myself into a corner once again
C#                    A                      F#
Take you for a liar while you called yourself a friend
