Intro:

**Bsus2 E G#m Am**

What am I supposed to do oh oh?  
When she s so damn cold like 20 below?  
That girl, that girl, she s such a bitch,  
I tell myself I can handle it.

Verse 1:

**Bsus2 E G#m Am (x2)**

You know I don t frequent the LBC  
Cause I m a bit too pale to run that scene.  
The SoCal sun has grown on me,  
And that girl, that girl.

Started with a bottle of cheap champagne,  
Now she s got me hooked on her like the cocaine.  
She s so numb this novacaine,  
That girl, that girl.

Pre Chorus:

**E F#m G#m Am**

So no kid, not tonight,  
You re not that good,  
And I m not that type.  
She s beautiful but she s cold as ice,  
And that keeps me hanging on.

Chorus:

**Bsus2 E G#m Am (x3)**

So what am I supposed to do oh oh?  
When she s so damn cold like 20 below?  
That girl, that girl, she s such a bitch,  
I tell myself I can handle it.

Where am I supposed to go oh oh?  
When she throws me out, and it s 20 below?  
That girl, that girl she s such a trick,  
But I can t lie, I m in love with it.

That girl (oh oh oh oh).  
That girl (oh oh oh oh).  
That girl (oh oh oh oh).  
That girl, that girl.

Verse 2:

**Bsus2 E G#m Am (x2)**

Now she won t buy my sex appeal.  
Just an east coast kid with a record deal.  
I play her song, she plays the field.  
That girl, that girl.

Left me on the street in the middle of winter.  
My frostbite heart says try to forget her.  
Miss that kiss, but I ll always remember,  
That girl, that girl.

Pre Chorus:

**E F#m G#m Am**

So no kid, not tonight,  
You re not that cool,  
Nor you re not my type.  
She s beautiful but she s cold as ice,  
And I m still hangin on.

Chorus:

**Bsus2 E G#m Am (x3)**

So what am I supposed to do oh oh?  
When she s so damn cold like 20 below?  
That girl, that girl, she s such a bitch,  
I tell myself I can handle it.

Where am I supposed to go oh oh?  
When she throws me out, and it s 20 below?

That girl, that girl she s such a trick,  
But I can t lie, I m in love with it.

That girl (oh oh oh oh).  
That girl (oh oh oh oh).  
That girl (oh oh oh oh).  
That girl, that girl.

Bridge:

**E Bsus2 F#m G#m** (x2)

Sit around waiting for the spark to fade,  
You can add another face to your pity parade.  
I can t believe it, I ve never felt so cheated.  
Knock me down, it was all pretend,  
Set me back up just to do it again (do it again).  
You say love is overrated,  
I say it s complicated.

Ending Chorus:

**Bsus2 E G#m Am** (x4)

So what am I supposed to do oh oh?  
When she s so damn cold like 20 below?  
That girl, that girl, she s such a bitch,  
I tell myself I can handle it.

Where am I supposed to go oh oh?  
When she throws me out, and it s 20 below?  
That girl, that girl she s such a trick,  
But I can t lie, I m in love with it.

That girl (oh oh oh oh).  
(That girl).  
That girl (That girl).  
That girl (oh oh oh oh).  
(That girl)  
That girl, (that girl) that girl.  
That girl (that girl) that girl.
