

To Live And Let Go
All Time Low

My first song! These fit exactly with the track, but feel free to correct.
Listen
to song for timings.

Capo on 2

Cm Bb Cm
Rush of the past
Bb Cm Eb F
I quietly crash and the tables turn
Cm Bb Cm Bb Cm
You re beautiful strange, defiantly brash
Eb F
Be careful now
Eb F
Kid you re a cut above
Eb F D
Always just a cut above the rest

G# Eb
If there s something left to be learned
Bb
Then my time is running
Cm (Bb) G#
Why should I waste it all wasted on you?
G# Eb Bb
I shouldn t be trusted to live and let go
G# Eb
When the last of my cities have burned
Bb
Then what s left in nothing
Cm (Bb) G#
Why did i waste it all wasted on you?
G# Eb Bb
I couldn t be trusted to live and let go

Fill in the blanks, pencil on paper
Disposable
Throw away lines
Intentional but unbelievable

Kid you re a cut above
Always just a cut above the rest

If there s something left to be learned
Then my time is running
Why should I waste it all wasted on you?

I shouldn't be trusted to live and let go
When the last of my cities have burned
Then what's left in nothing
Why did I waste it all wasted on you?
I couldn't be trusted to live and let go

Cm Bb Cm

Shaken and tried

Cm Bb Cm Eb F

Fade and resign as the tables turn

Cm Bb Cm Bb Cm Eb F

Let's slip away the renegade life you've been dreaming of

Kid you're a cut above
Always just a cut above the rest

If there's something left to be learned
Then my time is running
Why should I waste it all wasted on you?
I shouldn't be trusted to live and let go
When the last of my cities have burned
Then what's left in nothing
Why did I waste it all wasted on you?
I couldn't be trusted to live and let go
