

**Toxic Valentine**  
**All Time Low**

This is NOT in the original key of the song.  
I've only recently started playing the guitar so the chords probably aren't all right and/or are very basic.

Verse 1:

**Em**

She's got a target

**Am**

painted on her back

**Em**

And keeps a list of the

**Am**

qualities a good girl lacks

**Em**

She bites her lip and

**Am**

tips her bottle

**Em**

I take a drink cause the

**Am**

truth is hard to swallow oh

**C D**

Chorus:

**Em**

**Am**

Sex and white lies

**G**

**C**

Handcuffs and alibis

**Am**

She lays her halo on

**D**

the pillow as she sleeps

**Em**

**Am**

**G** **C**  
Handcuffs and alibis

**Am**  
She lays her halo on

**D**  
the pillow as she sleeps

**Em** **Am**  
Her heart beats red wine

**G** **C**  
My toxic valentine

**Am** **D**  
Lays her halo on the pillow

**Em**  
that used to be mine

**C** **G**  
Oh oh oh oh

**D** **Em**  
My toxic valentine

**C** **G**  
Oh oh oh oh

**D**  
My toxic valentine

Bridge:

**Em** **C** **G**  
Cause I m not the type to forget

**Am**  
Or to bury my head

**Em** **C**  
Just take off your wings

**G**  
They could never get you

**C** **Am**  
quite as high as I did

**D**

Oh oh oh oh

**D**  
My toxic valentine

**Em**

**C**            **G**  
Oh oh oh oh

**D**  
My toxic valentine

**Em**

Outro: **Am-Am-Am-Em**(hold)
