[Intro] (x3)
C#, Ab

[Verse 1]
```
         C#
Baby, don t yell,
                  B                        E                    Ab
You re tearing a hole right through the walls of everything we used to know,
C#          B                E
I m building a place, something amazing,
          Ab              C#
Just for the sake of saving us,
                B
From under the sun,
            E                         Ab
Two plastic hearts with nowhere to run,
                C#                B
We re rolling the dice on whatever s left,
                E                    (Absus4, Ab, Absus4) Ab
 Cause God only knows that we could use the rest...
```

[Chorus]
```
(Ab)   A   E         B            C#m
Me and yo-ou, living under a paper moon,
         A              E             Ab
Cause real life just isn t right; lets fabricate
      A   E         B            C#m
Me and yo-ou, living under a paper moon,
          A              E              Ab
This real life just isn t right let s get away let s fabricate.
```

[Verse 2]
```
         C#
Baby, don t fret,
              B                        E
At least we re alive with just enough breath
      Ab                   C#
To truly despise the hills in the carpet,
          B              E                    Ab
Knots in the ties that bind us so tightly to our waking lives,
              C#                      B
I ll build up a house, I ll build up an army
            E            Ab
Of cellophane soliders cheap origami,
```

```
             C#                    B
To take back a piece or whatever s left
             E                    (Absus4, Ab, Absus4) Ab
Of that little box that beats in your chest

[Chorus]
(Ab)    A   E        B              C#m
Me and yo-ou, living under a paper moon,
           A              E               Ab
Cause real life just isn t right; lets fabricate
        A   E        B              C#m
Me and yo-ou, living under a paper moon,
           A               E               Ab
This real life just isn t right let s get away let s fabricate.

I m building a place,
           E                   Ab             C#
Something amazing just for the sake of saving us,
               B                    E                  Absus4

Me and yo-ou, living under a paper moon,
           A               E               Ab
This real life just isn t right let s get away.
           A               E               Ab
This real life, just isn t right, let s fabricate
