All Together Separate

Paradigm

All Together Separate

C#m A E

Everybody loves a rose,

C#m A E

But will you be thankful for the thorns?

C#m A E

Love is easy when you re loved,

C#m A E

But do you curse another when you re alone?

Chorus:

C#m A E C#m A

O---oh, I give my life to You

E

so I can gain it back again

C#m A E

O---oh, I stand solid

F#m

while the paradigm is shifting

C#m A E

You say live and let live,

C#m A E

But people are dying everyday

C#m A E

And you say what I don t know won t hurt me

C#m

But if what I do not know

A E

is the very thing I need,

then I say...

Chorus

C#m A

Humanity sees truth

E

through a shattered window pane

C#m

That blocks the view,

A

And plants the seed

E C#m

So we draw the curtains to close but I say

A E

That the sun can still shine

behind a closed mind

C#m A

And sticks and stones do hurt

E

When tossed from the tongue of mankind

So, this is it !! its pretty simple, a great song from a great christian band. is u want more information of All Together Separate visit <http://www.alltogetherseparate.com>
