I think that they use bar chords here, but the open chords sound okay too.

Intro: **Dm   Am**

Verse:

```
                        Dm        Am
Time after time, girl

                        Dm        Am
Like Daedalus  child

                          Dm      Am
You wasted your mind, girl.

You had to be wild.
```

Chorus:

```
    C                   G
Now I see that you re lost.

You flew too close to the sun.
